Prospective date of broadcast/publication

Medium

No. of copies

## Terms of usage

- During the photography/film/recording work, the visitor rules and regulations are to be complied with and disturbances of the general visitor activities to be avoided.
- The applicant guarantees that the necessary caution will be exercised while working in the buildings and on the grounds of the former inmates' camp of Mittelbau-Dora Concentration Camp and when photographing/filming individual objects, and that the general smoking ban will be observed. He/She will be liable for all damage brought about by the photography/film/recording work.
- No changes may be made to the camp grounds or the historical rooms.
- The artificial lighting of light-sensitive objects is permitted only in consultation with the responsible custodian. In art exhibitions, the use of flashes and halogen lamps is prohibited in the interest of the objects' protection.
- To the extent that the copyrights for illustrations, films, texts or artworks in exhibitions are not held by the foundation, they must be obtained before publication. The same applies to the rights of foundation visitors and employees to their own likenesses.
- The production of photographic, graphic or other illustrations, for example in the form of videotapes, is permitted only for private, scholastic and academic purposes as well as for the purposes of current news coverage. The Buchenwald and Mittelbau-Dora Memorials Foundation must be named as the source.
- Utilization for all other purposes requires written permission in advance. Every other form of utilization and application, particularly every utilization for advertising purposes as well as the transfer to a third party are expressly prohibited. News and image agencies are exempt from this prohibition.
- A copy of the broadcast or publication must be sent to the Buchenwald and Mittelbau-Dora Memorials Foundation without being asked for.
- In the event of a violation, the authorization can be revoked at any time. The applicant is to keep this permit with him at all times while working, and to present it to employees of the memorial or the security service upon request.

## Additional terms of usage for the tunnel system

The photo/film permit for the tunnel system is granted under the following conditions. These conditions are based on the applicable mining laws as well as the Thuringian Regulations for the Operation of Visitor Mines.

- The foundation accepts no liability for loss or damage to material or equipment. You enter the tunnel system at your own risk!
- It is prohibited to leave the visitor gallery or the marked areas. Only authorized memorial personnel or persons specifically authorized by memorial are permitted to leave the protected areas.
- You will be accompanied by a member of the memorial staff whose instructions are to be complied with under all circumstances.

- In the event of technical or mine-related accidents, all photo/film work must be ceased immediately and the tunnel to be exited.
- If the photo/film work is carried out during visitor hours, the escape routes may neither be blocked nor the visitor activities impeded by the work itself or the equipment used for that work. The photo/film work is to be ceased upon arrival of a visitor group, and interference with the visitors' tour of the tunnel system to be reduced to a minimum.
- Photo/film work carried out with stationary installations (camera crane, flood lights, power lines, etc.) or significantly interfering with the regular visitor activities is permitted only upon special consultation with and authorization by the memorial employees responsible for safety in the tunnel system. As a rule this is possible only on Mondays or outside the memorial's opening hours.
- The undersigned will be invoiced for any additional costs arising for external guard personnel, additional safety installations or other additional equipment (also by third parties).
- The responsible memorial employee or guard is to be informed before any entry or exit of the tunnel system.
- The applicant guarantees that the necessary caution will be exercised while photographing/filming individual objects, and that the general ban on smoking will be observed. He/She will be liable for all damage brought about by the photography/film/recording work.
- All legal, operational and technical accident prevention regulations as well as the memorial's visitor rules and regulations moreover apply!

We apologize for any inconvenience caused by these regulations and thank you for your cooperation. In case of authorization, I accept that these terms as binding.
